## STOLEN MACHINE IS DITCHED NEAR CITY

Indianapolis Lads Abandon Car Following Accident on Seymour-Brownstown Road.

## SPEND THURSDAY IN THE CITY

Automobile Owned by Premier Motor Corporation of Indianapolis Taken Wednesday Night.

A seven passenger Premier automobile stolen from a representative of the Premier Motor Corporation while it was standing in front of the Severin Hotel in Indianapolis Wednesday night was located by the local police here Thursday afternoon. It had been run in a ditch and badly damaged near the G. O. Borchering farm on the Seymour-Brownstown road Thursday afternoon and the officers are looking for Lawrence Kiefer, Jerome Hardy and Theodore Lee, Indianapolis youths who were said to be driving the car.

The three young men made their appearance here in the car Thursday morning about 10:30. Two of the lads were acquainted with some young ladies here whom they had known about two years. The boys called on the girls and shortly after noon Thursday an automobile ride was planned and accompanied by three young ladies, started for a drive to Brownstown. The lad driving the car tried to pass another machine on a culvert near G. O. Borchering's farm west of the city and in so doing ran into the ditch upsetting the machine, and damaging it to the extent of about \$800.

The car was so badly damaged that the boys were unable to start it and it was necessary that a machine be sent out from this city to bring the members of the party back. After returning to the city the boys disappeared and the supposition is that they returned to Indianapolis.

Late Thursday afternoon the local police received a message from the Indianapolis police department giving a description of the car stating that they had been informed that it was in this city. The supposition is that following the accident the boys became alarmed and thought it best to notify the Indianapolis officials and then make their escape.

The police had been notified that a car had been run in the ditch west of the city and upon investigation found that it answered the description given by the Indianapolis police. J. T. Abell, chief of police, immediately notified the Indianapolis police that the car was near the city in a ditch and a member of the Premier Motor Corporation to whom the stolen car belonged, came here late last night to make sure that it was their car. The car was in such condition that it could not be started. The representative made an investigation to determine the extent of the damage and returned to Indianapolis to get necessary repairs and bring mechanics here to repair the car. He re-

## FINED FOR FAILURE TO HAVE LICENSE ON CAR

Louisville Colored Man Detained in This City Until Investigation Could Be Made.

Joe Jones, colored, giving his home as Louisville, Ky., was arrested by Officer Weddle late Thursday afternoon for operating an automobile without a license. The car driven by the colored man answered the description of the Premier car stolen at Indianapolis inasmuch as it had a maroon painted body and was the same make car.

The colored man stated that he had purchased the car in Indianapolis where he had been called on account of the death of a relative. He gave the address of an Indianapolis garage where he purchased the car and an investigation conducted by J. T. Abell, chief of police, who called the Indianapolis garage, proved that he was telling the truth. The colored man was fined \$1 and costs for operating a car without a license which he paid and was released to continue his trip to Louisville.

## INCREASED FUNDS ASKED FOR SCHOOLS

Additional Amount of \$5,000 is Required to Meet Expenses During Year 1920-1921.

## OFFICIAL NOTICE IS GIVEN

Permission of State Tax Board is Necessary Under the New Indiana Tax Law.

Official notice as required by the provisions of the new tax law in Indiana, is given by the Seymour board of school trustees that an additional amount of \$5,000 will be needed during the year 1920-1921 for the maintenance of the educational institutions. The law provides that legal notice must be given the taxpayers here of the proposed increase and then before it can be collected, the board must secure the approval of the state tax commissioners. It is hardly probable that the commissioners will interfere with the raising of the larger amount as all the schools in the state are facing increased maintenance costs and the matter is securing sufficient revenue has already been taken up with the state board.

T. A. Mott, city superintendent, stated in explanation of the notice to the public, that the additional money would not be available until the school year of 1920-1921. One-half of the tax money for maintenance of the schools during the school year of 1919-1920 has already been paid in and the balance will be available within a few months. The school board, however, is looking ahead and finds that the shortage will be faced.

Superintendent Mott said the principal reason for the additional fund is that the last state legislature fixed a minimum teachers' wage and that all schools in the state are required to employ teachers according to this basis. This law means that from \$3,600 to \$4,000 will be needed to meet the increased salaries of teachers. The increased scale is already effective and will be met this year from a surplus which remained in the tuition fund.

Another reason for asking an increase is that more money will be needed by the fall of 1920 for the sinking or bond fund. The school board has bonds outstanding which fall due each year and arrangements must be made to redeem those which become due each year. About \$1,000 a year additional for the bond fund will take care of the present shortage, Mr. Mott believes.

A strict interpretation of the tax law calls for a hearing before the state tax board before the school authorities are permitted to fix higher levies for school purposes. At such hearing any taxpayer has authority to protest against the increase asked, and the reasons assigned by the objector are considered. In the present case, however, the same situation exists throughout the state and it is probable that the state board will issue a blanket permit so that the maintenance of the educational systems may not be interfered with for lack of sufficient funds.

## INFANT CHILD DEAD

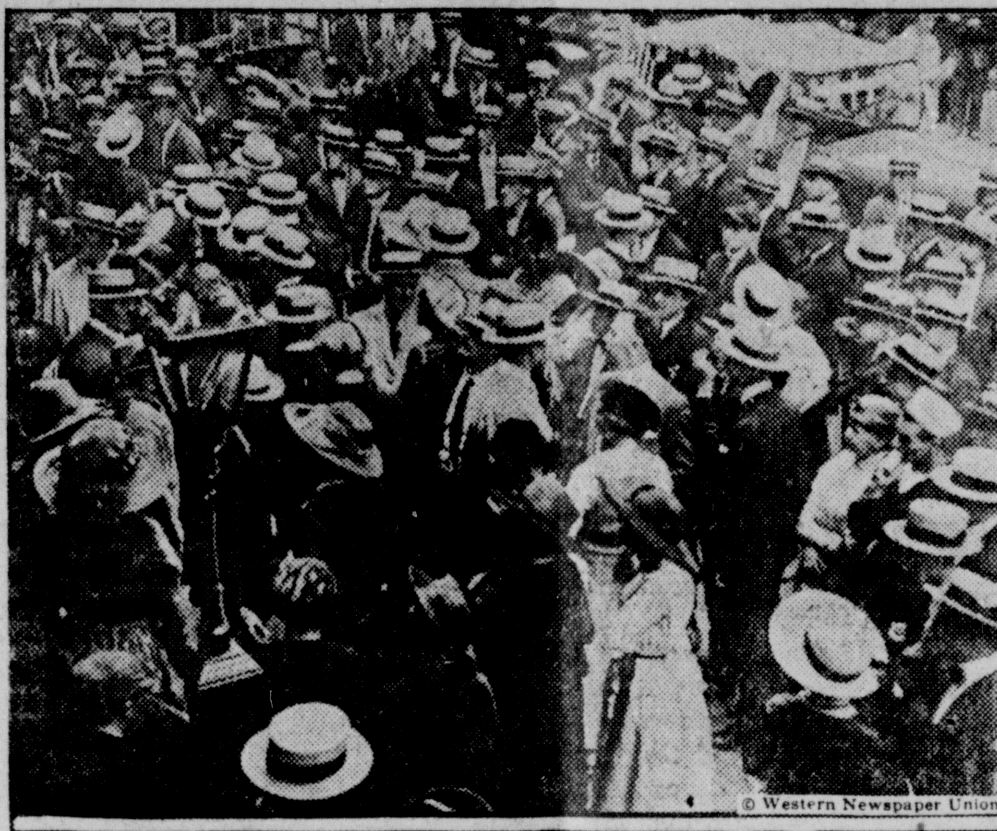

Little Daughter of Mr. and Mrs. A. J. Craig Dies at Williams.

The body of Margaret Irene, infant daughter of Mr. and Mrs. A. J. Craig, who died at the home of her grandparents near Williams, Ind., Thursday, was brought here this morning for burial in Riverview cemetery. The funeral was held from the Voss Chapel this afternoon at 2 o'clock, Rev. C. W. Whitman, pastor of the First Methodist church, officiating.

The child died at the home of her grandparents where she had been making her home for some time while the parents were in Colorado on account of Mrs. Craig's health. The deceased was 1 year, 7 months and 21 days old. She is a grand-daughter of Robert Craig of Redding township.

## BURGLAR ALARM "THROW A SCARE"

Whistles at Loan & Trust Company and Seymour National Bank Break Stillness of Night.

## CAUSE MUCH EXCITEMENT

Investigations Prove That No Attempt of Robbery Had Been Made at Either Place.

Excitement ran high in the downtown district shortly after 11 o'clock Thursday night when the electric burglar alarms at both the Jackson County Loan & Trust Company and the Seymour National Bank whistled their unusual sound of warning about the same time. People within hearing distance of the alarms rushed to the banks, each asserting that he was ready to fight with the yeggmen. Within a short time a large crowd had gathered but investigation proved that no attempt had been made to rob either institution.

The alarm at the Jackson County Loan & Trust Company sounded first. After the first blast people began to gather in front of the bank. J. H. Andrews, president, was called and he hurried to the bank to investigate. A series of incidents caused the crowd to believe that a "sure enough" robbery was being staged. The Trust Com-

## DON A. BOLLINGER NAMED FIRST NATIONAL DIRECTOR

Judge O. H. Montgomery Elected Vice-President—Positions Held by the Late B. F. Schneek.

At a meeting of the directors of the First National Bank Thursday afternoon Don A. Bollinger, president of the Seymour Woolen Mills, was elected a director to fill the vacancy caused by the death of the late B. F. Schneek. Judge O. H. Montgomery was elected vice-president of the institution. That position was also held by the late Mr. Schneek.

Mr. Bollinger is one of the city's successful young business men and his selection as a director will be highly pleasing to the patrons of the bank. Judge Montgomery has been connected in an official capacity with the bank for a number of years and is thoroughly familiar with the business of the institution.

## DEPOT OF BEDFORD BRANCH IS CLOSED

Henry Massman, Agent, Checked Out And Takes Position in The Freight Offices Here.

## DAILY TRAIN TO RIVERVALE

Interstate Public Service Company Understood to Have Negotiated For The Road.

The Bedford depot of the branch line which has been operated by the Baltimore & Ohio railroad between Bedford and Rivervale, has been closed and all freight service has been discontinued. One daily train between Rivervale and Bedford, a distance of eleven miles, is temporarily retained. Henry Massman, who has served at the Bedford station as agent, has been checked out and has returned here to accept a position in the company's freight offices.

The Bedford Mail carried the following article about the change: "The Bedford station of the B. & O. S-W. branch closed its doors Friday permanently and is a thing of the past much to the regret of the business men and citizens in general of this city."

"Officials were here Friday checking out the office outfit and all books and records of the station which were shipped to Store Keepers headquarters. Agent Massman will report to

## UNIDENTIFIED COLORED MAN FATALLY INJURED

Stranger Found Along The Tracks Near Hayden—May Have Fallen from a Train.

The identity of the colored man who was found fatally injured along the Baltimore & Ohio railroad track near Hayden Thursday morning had not been learned today. The man was discovered by the crew of the early morning express train and he was taken aboard the train. Arrangements were made to administer treatment to the injured man at North Vernon but he died before the train reached the town.

An examination of the body revealed a bruise and cut back of one ear and a cut under one arm. It is believed that the man must either have been hit by a train or have fallen from a train. There were no marks of identification on his person except a pawn ticket bearing a St. Louis address, showing that he had pawned a coat.

The body was taken to Rapp's undertaking establishment at North Vernon to be prepared for burial. It is being held awaiting an answer to inquiries sent to St. Louis.

Mr. and Mrs. Ray Clark and children and Mr. and Mrs. John Mitchell and son who spent ten days camping and fishing on Mitchell's island near New Ford, have returned home. They report an enjoyable time and good catches.

## SCHOOL FINANCES SHOWN IN REPORT

Maintenance of Educational System Last Year Cost an Average of \$30.60 Per Pupil.

## SUPERINTENDENT'S STATEMENT

Receipts Given at \$98,954.08 and Expenditures at \$71,734.67—Balance of \$27,219.41.

That the school system in Seymour was maintained last year at an average cost of \$30.60 per pupil, is an interesting feature of a financial report which was prepared by Thomas A. Mott, superintendent, from the books of Claude Carter, treasurer of the board of school trustees. The report shows that the receipts during the school year from August 1, 1918, to August 1, this year, including the balance on hand, were \$98,954.08, while the expenditures during the same period were \$71,734.67.

The report shows that \$6,000 was spent for the payment of school bonds which became due during the year, and that \$2,535 was paid as interest on outstanding bonds. Permanent improvements on school building cost \$23,631 while the current school expenses totaled \$39,568.67. There were 1,293 pupils enrolled during the year and the average cost per pupil, exclusive of payments of debts and permanent improvements is given as \$30.60.

Superintendent Mott stated that the average cost of maintenance is considerably lower in this city than in many other cities of this size in Indiana. Some of the municipal school systems cost as high as \$50 a pupil. The low per capita cost of maintenance in Seymour is due to the economical administration and the careful handling of public funds without interfering with the high standards which have always been maintained here.

## HUGE QUANTITIES OF FOOD UNCOVERED

Mayor Hyland Announces Result of Search Made By New York Firemen.

## HALF BILLION EGGS FOUND

Eight Million Pounds of Sugar Discovered in Storage, It is Stated.

By United Press. New York, August 22.—Enormous quantities of food were found in warehouses and other places of storage, including breweries, by firemen who have been investigating these places, Mayor Hyland announced today.

Among the stores found, he said, were half a billion eggs, five million pounds of butter, eight million pounds of sugar, seven million pounds of flour and about forty-five million pounds of coffee.

Vast quantities of fresh meat, poultry and fish also were discovered. Almost one hundred million pounds of beans, rice and peas were found as well as huge stores of tea, lard, canned vegetables and milk.

The information is to be turned over to federal authorities who will decide whether the owners have been hoarding and profiteering.

## CAPT. MATLACK HOPES TO ENCOUNTER BANDIT LEADER

Americans Rush Fortress Held by Mexican Outlaws, Killing Four of Group.

By United Press. San Antonio, Tex., August 22.—Capt. Matlack, pursuing Mexican bandits hoped to encounter Rentario, the leader, sometime today, according to reports to southern headquarters here. The Eighth cavalry renewed the chase at dawn today. Five bandits have been accounted for. Four were killed yesterday when troopers came upon a group of Rentarians in a fortress. As the cavalry appeared rifles blazed from port holes. The soldiers rushed the fortress at once, taking the position without injury to a man. Three or four bandits are known to have fled.

## CONFER AT WHITE HOUSE.

President and Lansing Probably Discussed Mexico's Protest.

By United Press. Washington, August 22.—President Wilson and Secretary Lansing conferred for more than an hour at the White House today. It was intimated that they had under consideration the reply to the protest of the Mexican government and the request that troops of the Eighth cavalry sent across the Mexican border in pursuit of bandits be withdrawn immediately.

## FARMERS HESITATE

### WHAT WOULD RESULT.

The republicans in the senate who favor amendments and reservations to the treaty with Germany differ with the president as to what the outcome would be if the changes were made. A communication from the republican publicity association explains the senate republicans' attitude as follows:

"The Democrats continue to hold before the Republicans of the Senate the bugaboo of a resumption of peace negotiations if they persist in their intention of amending the treaty. In the sense that amendment of the league covenant or its separation from the treaty would mean the reconvening of the entire peace conference, and the undoing of everything that has been accomplished, there is no truth whatever in the repeated statements of the league supporters. When they attached their signatures to the peace treaty the allies were completely eliminated from the transaction so far as the United States was concerned. Whatever action the Senate may take involves only this country and Germany.

"It is a misnomer to say that the Senate ratifies a treaty. It merely advises and consents to the ratification by the President, in other words the document, ratification of which is exchanged between the President and a foreign power must first have received the stamp of approval from the Senate. In the present instance the proceeding will be about as follows: The Senate may accept the treaty as it stands, in which event the President will ex-

## Before The Advent Of Woman's Gladness

Women Who Know Take Precaution Against Suffering.

Before the arrival of the Stork, women for over half a century have learned the wisdom of giving nature a helping hand. Nausea, nervousness, bearing-down and stretching pains in the abdomen and muscles are entirely avoided by the use of Mother's Friend, according to the testimony of thousands of mothers who have used this time-honored remedy.

Mother's Friend lubricates the fine network of nerves beneath the skin, and by regular use during the period the muscles are made and kept soft and elastic. They can then expand gently and easily when baby is born and pain and danger at the crisis is naturally avoided.

Mother's Friend is a preparation of penetrating oils and other medicinal agents prepared especially for expectant mothers. It is for external use, is absolutely safe and should be used regularly during the entire period before baby comes.

Write to the Bradfield Regulator Company, Dept. A, Lamar Building, Atlanta, Georgia, for an interesting Motherhood Book, and obtain a bottle of Mother's Friend from the druggist. You will find it the greatest kind of help.

change ratifications with Germany, and the matter will be closed. But if the Senate amends the treaty by the insertion of reservations, then the President can either consign it to his waste basket, or, if he approves it in its amended form, submit it to Germany for her approval or rejection.

If Germany approves, ratifications are exchanged and the treaty becomes a law. There is no doubt that Germany, after signing the original treaty with the allies, would also endorse the treaty with the United States after it had been changed by the Senate. Such amendments as the Senate might make in the document would not be considered of any importance to Germany.

"But suppose Germany should reject the altered treaty, then the whole thing could be thrown into the discard and the state of war speedily terminated by joint resolution of Congress declaring that the objects for which we went to war had been attained. Or a new treaty between the United States and Germany might be drawn up, eliminating practically all of the treaty in its present form, with most of the provisions of which America has no possible concern. What we primarily went to war, for, and what we want to guarantee in the treaty of peace, is the right of neutrals to travel up-

on the high seas without improper molestation from belligerents. All of the other so-called issues of the war, evolved from time to time in the brain of Mr. Wilson to fit into his schemes for the reformation of the world, have no basis in history or fact, and should find no place in a treaty between Germany and us.

"The Senate is not going to be scared into acquiescence in the peace treaty by the threat that war will be interminably prolonged otherwise. They know that a peace status can be brought about without

delay merely by the passage of a congressional resolution, or by the negotiation of a simple peace treaty, containing not a hundredth part of the language in the treaty we have before us. Secure in that knowledge Republican Senators intend to look at the treaty and the league covenant that it contains, solely in the light of their effect on the future welfare of the United States."

**ONLY ONE THING NOW LACKING  
—MONEY**

"I have doctored nine years for stomach and liver trouble and spent thousands of dollars, but instead of becoming cured of these ailments, my bloating and pains and attacks became worse. I was persuaded a year ago to take Mayr's Wonderful Remedy and have never suffered since taking the first dose. I wish I had the money back, I spent for other medicine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At druggists everywhere.

**TOUR OF COUNTRY  
AGAIN DISCUSSED**

President's Advisors Think Trip is Necessary to Secure Ratification of Treaty.

PLANS STILL INDEFINITE

Senate Foreign Relations Committee Continue Hearings Despite Wilson's Warning.

By United Press  
Washington, August 22—President Wilson's proposed tour of the country was again coming to the front in treaty discussions today as a result of the developments since Tuesday when the President met the senate foreign relations committee.

Plans for the president's trip are still indefinite. Developments have not been such as to encourage the belief that the president will be able to get the treaty and league covenants ratified without an appeal direct to the people, it was pointed out by the president's supporters.

The senate foreign relations committee has decided to go ahead with hearings that will delay the treaty, despite the declaration by the president that the country cannot get back to normal before the pact is ratified.

The White House conference so far apparently has changed no senator's attitude toward the treaty, although administration supporters are still confident that results will be to the treaty's benefit.

The Pittman resolution embodying reservations to be adopted separate from the ratification act, which the president has indicated is as far as he is at present willing to go toward a compromise, has been pigeonholed.

Freestone Sure Trutona Will Conquer All Ailments for Which Recommended.

Alexandria, Ind., Aug. 21—Alexandria people have not been slow to recognize Trutona's unusual merits, proof of which is to be had in the following statement made recently by Aaron Freestone, a well known local resident who lives at 310 South West street.

"For the past four years I've suffered from liver trouble and indigestion. I had a poor appetite—at times not caring to eat at all. I could eat but little of most kind of food. I would some times experience a faint sick feeling in my stomach and my limbs would become numb. Pains came in my side at times. Generally speaking I was all run down and usually felt tired and worn-out.

"Trutona has relieved me of a lot of unpleasantness and I honestly believe it will help anyone suffering from ailments for which it is recommended. My appetite is improved now and the faint sick feeling in my stomach has been relieved. I can eat most anything now and the food seems to taste better than before. The numb feeling in my limbs has been relieved also, as well as the former pains in my side. I seem stronger than I've been for quite a while. I'm glad to recommend Trutona."

Trutona is especially beneficial for stomach, liver and bowel troubles, nervousness, sleeplessness, loss of appetite and the like as well as being a splendid reconstructive tonic.

Trutona is now being introduced and explained in Seymour at W. L. Federmann's Drug Store.

**POLITICAL SITUATION  
IN ENGLAND UNCERTAIN**

Labor Party Expected by Money to Dominate Great Britain in Short Time.

By United Press  
London, Aug. 22—With the rumblings of approaching dissolution shaking the Coalition government, and recent developments in the industrial world, all eyes are turned on the Labor Party in the House of Commons and the question "How long before a Labor Government is in power?" which would have been laughed at ten years ago, is asked seriously.

For labor alone of the political parties stands better than ever before, and political experts declare that labor can never expect to find itself in a more favorable position, politically. The Coalition is doomed, but neither of the old parties Liberals and Conservatives, can go back to their pre-war status. Many old leaders have been thrown overboard, policies have been modified or abandoned, and the breaking up of the coalition would leave them shivering like the babes in the wood, uncertain which way to turn, or who to look to.

Labor is not absolutely united in parliament, there being several groups, known as the Labor Party, the Independent Labor Party, the miners representatives, and numerous freelancers like Colonel John Ward, the "navy" M. P. who was promoted to the command of a battalion in the war, C. B. Stanton, one-time miners agent, Commander J. H. Wedgwood, one time Liberal, and Jack Jones, the "Common People's Member" from east London.

The Independent Labor Party contains the "intellectuals" like Philip Snowden. Ramsay MacDonald, Sidney Webb and other regular Socialists but for the purposes of a Labor government they would unite with the larger group. And in the two groups there are many good men, who would doubtless make excellent statesmen, and who would have the support of the people ordinarily bitterly hostile to labor.

There are George N. Barnes, Cabinet Minister, who fathered the Labor Covenant of the Peace Treaty, G. H. Roberts, Food Controller, in the present government, Stephen Walsh, at present holding a minor government post, William Brace, Vernon Hartshorn, Will Thorne, James O'Grady, J. H. Thomas, railwayman's leader, William Adamson, the official leader of the Labor Party, Arthur Henderson, and last but not least, Robert Smillie, president of the Miners Federation of Great Britain.

Of these Smillie stands out most prominently, from the vigorous part he has taken in the settling of post-war labor problems, and he is probably the most powerful man in the labor world today. Whether he or any of the others have the makings of a Premier remains to be seen but they have a fine chance just now to formulate a smashing, reasoned program, and secure the spoils of office.

It is practically certain that Labor, to-day, could defeat both of the old political parties working independently, and the proposed Center Party a combination of the two could not be certain of securing a majority over the united ranks of Parliament labor. The formation of a new party is always a source of strength to its opponents, for secessions are inevitable and in the uncertainty Labor would undoubtedly gain many recruits.

B. W. Hatton, of Jonesville, was here today on business.

## STOLEN MACHINE IS DITCHED NEAR CITY

(Continued from first page)

turned here this morning and the mechanics were at work late this afternoon repairing the machine for the return trip to Indianapolis.

According to the story told local girls by the boys, the car was owned by a firm with whom one of the lad's father worked. The father had driven in front of a hotel in Indianapolis and parked the machine. While he was getting a lunch the boys took the car and started for this city.

The representative of the Premier Motor Corporation stated today that the car was stolen from in front of the Severin hotel where it had been parked by one of their salesmen Wednesday night about 11:30. It started to rain while the car was standing in front of the hotel and presently a lad attired in overalls rushed up to the hotel porter and said that he had received orders to take the Premier car to the garage out of the rain. That was the last seen of the car until located here.

It is the opinion of the representative of the motor car company that one of the boys has been employed at their garage at some time. He stated that in order to run the car it was necessary for the driver to have had some experience with it as the gears are electrically shifted.

The young ladies who were riding with the young men when the accident occurred were horrified upon learning that the car had been stolen. Those who were acquainted with the boys were greatly surprised and are yet somewhat in doubt as to whether or not they stole the machine.

I have a car of Aviston Special Flour on hand out of old wheat. This has been tried, having sold one car load, and has proven to be satisfactory. It is guaranteed to be as good a patent flour as there is on the market, no exceptions whatever. I have a full stock of feeds—hominy feed, cracked corn, middlings, bran, horse feed, dairy feed, and all kinds of feed for all purposes. I am in the market for all the wheat, I can get, and will assure a square deal in regard to grades and price. Also rye, oats and corn at the top price. I will be open evenings to receive wheat.

Twenty-fifth Annual Session Opens  
at Winona—English Evangelists to Speak.

By United Press

Winona Lake, Aug. 22—Governor Frank O. Lowden, of Illinois, Governor Henry J. Allen, of Kansas and William Jennings Bryan, one and only, are among the speakers at the international and interdenominational Bible conference, which opened here today.

The twenty-fifth annual session this year will be celebrated by the return to this country of some of the ministers and evangelists of England. Among them are Dr. G. Campbell Morgan, Gypsy Smith, Dr. John McNeill, Dr. A. C. Dixon, Dr. J. Gregory Mantle, and Dr. John A. McDonald, editor of the Toronto, Canada, Globe.

Dr. S. C. Dickey, of Winona Lake, is director of the Bible conference assisted by Rev. George W. Taft, Homer Rodeheaver song leader for Billy Sunday's evangelistic party is director of the music and Billy himself will be here during some of the conference.

The conference will be addressed by a long list of speakers, among them more than seventy evangelists.

## DEPOT OF BEDFORD BRANCH IS CLOSED

(Continued from first page)

Seymour as to where he will be sent. The people of Bedford regret to see Mr. Massman and his family leave Bedford as they have made many friends here during their residence in the city.

"The train will continue to run as usual on this branch, car load traffic only being handled through Agent Conkey at Mitchell. It is likely the train will run until the matter of disbandment is taken up by the Interstate Service officials when it is believed the entire 11 miles of road will be abandoned and the tracks taken up. The line, it is said, has been a big losing proposition to the company for a number of years."

It was reported in railroad circles here several days ago that the Interstate Public Service Company had purchased the Bedford Branch and intended to electrify it, securing the power from its hydraulic station at Williams, near Bedford. Local Baltimore & Ohio officials stated they did not know of any deal between the Interstate Company and the Baltimore & Ohio Company for the sale of the road.

However, local interest is attached to the report inasmuch as it has been rumored for some time that the Interstate Company expects to operate an electric line west of here, probably to Evansville or French Lick and the Bedford Branch could be used to an advantage as an auxiliary line.

# PESKY BED BUGS

A MILLION BEDBUGS. Just think, a 35c package of the new golden chemical P.D.Q. (Pesty Devils' Quietus), is enough to make a quart and enough to kill a million bedbugs, no matter how large they may be or where they came from, their age, color or sex, and at the same leaves a coating on their eggs and prevents hatching.

CUT THIS OUT. This new chemical can be had at any first-class drug store. A 35c package makes a quart of P.D.Q., and will

go farther than a barrel of old-fashioned bug killer. Don't let anybody impose upon your intelligence by offering you something else. Insist on what you ask for, then you'll have what doctors prescribe.

KILLS FLEAS ON DOGS. It's fun to see the fleas drop off your pet dog.

KILLS CHICKEN LICE. No use for your chickens to have lice. A 35c package mixed makes a gallon of chicken lice killer. Your druggist has it, or can get it for you.

## Asserts New Discovery Brings Blessed Relief To Rose and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease.

And best of all this remedy costs al-

most nothing. Get a one ounce bottle of Mentholized Arcline at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily snuff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work; but oftentimes simple natural remedies are the best as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

#### BURGLAR ALARMS

"THROW A SCARE"

(Continued from first page)

pany keeps a electric light burning directly in front of the door of the vault so that it can be plainly seen from the street. This light was out when Mr. Andrews arrived which gave rise to the belief that it had been extinguished by the supposed intruders.

Mr. Andrews was the first to enter the building and was followed by a number of others who gathered about the bank. The electric lights were switched on and it was soon found that the vault had not been tampered with. A thorough search of the building was made and no evidence of burglars was found. Investigation proved that the electric light bulb in front of the vault door happened to burn out about the time the signal was sounded by the automatic alarm. The alarm continued to sound at intervals for some time.

Shortly after the alarm at the Trust Company was heard, the signal at the Seymour National Bank also "went wild." Edward C. Rinne, teller, was notified and another search was made at that bank. Nothing was found to support the belief that anyone had attempted to tamper with the vault or had been in the banking house.

The sounding of both alarms at practically the same time is beyond the explanation of the officials. An expert representing the company which installed the system was here Thursday going over the wires to make sure they were in proper condition. New batteries were installed at both places and minor repairs were made on the system at the Trust Company. Officials of the banks believe that some of the new adjustments which were not properly made were the cause of the unexpected sounding of the alarms.

Although investigations were made to see that everything was all right at both banks it was impossible to

#### KILLING OF CAR ROBBER

Will be Investigated by Grand Jury at Bloomington.

The killing of Casper Pressley at McDoel by Monon Detective Fred Bowen a few weeks ago is to be investigated by a grand jury at the September term of court, according to Prosecutor East. Pressley, who

was shot to death by Bowen while he was escaping after attempting to rob a freight car. A popular demand has arisen that the killing be investigated. Pressley was shot in the back and died almost instantly. The local cops investigated and found things just as Detective Bowen said they were and little is expected by them from the grand jury investigation.—Bloomington Telephone.

## Healthy Mothers Healthy Babies

Every true mother realizes the fact that her baby's health depends upon her own, that the very vitality of her child is influenced by her own physical condition. How important it is, therefore, to guard against any derangement of the female organs, which induce general weakness, nervousness, constant fatigue and utter inability to properly care for her child. Please remember, that Lydia E. Pinkham's Vegetable Compound has brought health and strength to thousands of such mothers.

Mitchell, Ind.—"Lydia E. Pinkham's Vegetable Compound helped me so much during the time I was looking forward to the coming of my little one that I am recommending it to other expectant mothers. Before taking it, some days I suffered with neuralgia so badly that I thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely relieved of neuralgia. I had gained in strength and was able to go around and do all my housework. My baby when 7 months old weighed 19 pounds and I feel better than I have for a long time. I never had any medicine do me so much good."—Mrs. PEARL MONYHAN, Mitchell, Ind.

Good health during and after maternity is a most important factor to both mother and child, and many letters have been received by the Lydia E. Pinkham Medicine Co., Lynn, Mass., telling of health restored during this trying period by the use of Lydia E. Pinkham's Vegetable Compound.

### SOCIAL EVENTS

#### ENTERTAIN FOR GUESTS.

Mrs. John Rapp and Miss Anna  
Massman entertained Thursday eve-  
ning for their guests, Dr. and Mrs.  
C. Geiser, of Cincinnati, Mrs. Wm.  
Jobson, of Chicago, and Miss Ida  
Pingpank, of Indianapolis, at the  
former's home, near Rockford. In  
the early evening a dinner was  
served on the lawn, following which  
the time was spent with dancing.  
Music was furnished by the Beck-  
tell orchestra. Watermelons were  
served on the lawn, which was il-  
luminated with Japanese lanterns.  
The house was decorated with flow-  
ers and greenery.

Those present besides the honor  
guests and the two hostesses were  
Miss Edna Banta, Miss Katherine  
McLaughlin, Miss Amy Roeger, Miss  
Adelaide Gasaway, Miss Christine
